Night work on Roberts Road, Greenacre from Monday 24 October

The NSW Government is funding the installation of a permanent electronic message sign near Norfolk Road as part of its $246 million Pinch Point and Clearways Program, which aims to reduce traffic delays, manage congestion and improve travel times on Sydney’s major roads, particularly during weekday peak periods.

Roads and Maritime Services is continuing work to install a permanent electronic message sign to provide southbound road users with up-to-date information on traffic conditions and planned and unplanned incidents and events. We have included a map to help explain the project’s location.

The work was scheduled to be completed by Wednesday 31 August but was delayed due to a design change to create greater visibility for motorists. The work will include structural adjustment of sign, installation of a safety guard rail, footpath construction and finalising the testing of the sign.

The work will take an extra six shifts to complete between Monday 24 October and Monday 21 November, excluding weekends, weather permitting. Our working hours will be from 9pm to 5am. We will also be working during the day from 7am to 5pm between Mondays and Fridays.

How will the work affect you?

There will be some noise associated with this work. We will make every effort to minimise its impact by carrying out the noisiest work during the day and before 11pm.

Traffic changes

There will be some temporary traffic changes to ensure the work zone is safe.

Lane closures will be in place and may affect travel times. Please keep to speed limits and follow the direction of traffic controllers and signs. For the latest traffic updates, you can call 132 701, visit livetraffic.com or download the Live Traffic NSW App.

Contact

If you have any questions, please call our delivery partner LT Joint Venture on 1800 735 563 or email info@ltjv.com.au
