Have your say – Upgrade of Lilyfield Road and Mary Street intersection, Lilyfield

The NSW Government is funding this $150,000 proposal to improve safety for road users.

Roads and Maritime Services is seeking your feedback by Friday 11 December on a proposal to build a new traffic light controlled pedestrian crossing and relocate and install new traffic light posts at the intersection to improve visibility.

We have included a map to help explain the proposal. The work will include:

- Building a traffic light controlled pedestrian crossing on the western side of the intersection to provide safer pedestrian access between Leichhardt Oval and Leichhardt North Light Rail Station
- Upgrading the four kerb ramps on the north west and south west corners of the intersection
- Installing new traffic lights on the north west corner and south west corner to reduce sight-line conflicts
- Removing two trees on Lilyfield Road on the eastbound approach to Mary Street to improve the visibility of the traffic lights
- Upgrading all line-marking
- Repositioning the traffic light on a mast arm on the north west corner to the new stop-line.

How can you give feedback?

We encourage you to send us your comments by Friday 11 December to:

LT Joint Venture
PO Box 380
Rockdale NSW 2216
Or info@ltjv.com.au.

We will carefully consider your feedback and continue to keep you updated as the proposal progresses.
