Have your say – Installation of a permanent electronic message sign on the Princes Highway, Arncliffe

The NSW Government is funding this $400,000 proposal near Spring Street to provide northbound road users with up-to-date information on traffic conditions and planned and unplanned incidents and events.

This proposal is part of the NSW Government’s $246 million Pinch Point Program, which aims to reduce delays, manage congestion and maintain travel times on Sydney’s main roads, particularly during peak periods.

Roads and Maritime Services is seeking your feedback by Friday 18 December on a proposal to install a permanent electronic message sign. We have included a map and artist’s impression to help explain the proposal.

The work would include:

- Geotechnical and utility investigations
- Excavating and putting in foundations
- Installing the electronic sign
- Re-locating a section of overhead power line
- Trenching and installing power and telecommunications cabling
- Testing of the sign.

How can you give feedback?

We encourage you to send us your comments by Friday 18 December to:

LT Joint Venture
PO Box 380
Rockdale NSW 2216
or email info@ltjv.com.au.

We will carefully consider your feedback and continue to keep you updated as the proposal progresses.
