Have your say – Installation of a permanent electronic message sign on Canterbury Road, Campsie

The NSW Government is funding this $400,000 proposal as part of its $246 million Pinch Point Program, which aims to reduce delays, manage congestion and improve travel times on Sydney’s main roads, particularly during peak periods.

Roads and Maritime Services is seeking your feedback by Wednesday 30 March on a proposal to install a new permanent electronic message sign. The new sign will be placed on an existing structure back-to-back with an existing panel.

The sign will provide eastbound road users with real-time information about planned and unplanned incidents and events along New Canterbury Road, Old Canterbury Road and Parramatta Road.

We have included a map and an artist’s impression to help explain the proposal. The work would include:

- Removing the existing sign panel and gantry walkway
- Installing new brackets to hold both the existing and new sign panels
- Lifting the sign panels into place
- Relocating some overhead light cables underground
- Testing of the signs.

How can you give feedback?

We encourage you to send us your comments by Wednesday 30 March to:

LT Joint Venture
PO Box 380
Rockdale NSW 2216

or email info@ltjv.com.au.

We will carefully consider your feedback and continue to keep you updated as the proposal progresses.
