Night work on Elizabeth Street, Waterloo from Wednesday 30 March

The Australian Government is funding this $350,000 project as part of its Black Spot Programme to improve road safety.

Roads and Maritime Services will carry out the work which includes:

- Installing traffic lights on new mast arms on the north corner of Elizabeth Street and the western corner of McEvoy Street for improved road user visibility
- Installing a pedestrian crossing on the southern side of Elizabeth Street
- Installing a right turn arrow for southbound motorists on Elizabeth Street
- Changing the lane configuration for westbound motorists on McEvoy Street to a left turn only and a through lane
- Restricting motorists travelling eastbound and westbound on McEvoy Street from turning right into Elizabeth Street
- Relocating a traffic light post to accommodate the new pedestrian crossing
- Building six new kerb ramps
- Installing seven new in-road sensors for the traffic lights
- Line marking.

We have included a map to help explain the project.

This work will take six shifts to complete, between Wednesday 30 March and Wednesday 27 April, excluding weekends and public holidays, weather permitting. Our working hours will be from 7am to 3pm and 9pm to 5am.

How will the work affect you?

There will be some noise associated with this work. We will make every effort to minimise its impact, including carrying out the noisiest work during the day shifts and before 11pm and not working more than two consecutive nights at this location.

Traffic changes

There will be some temporary traffic changes to ensure the work zone is safe. Lane closures will be in place and may affect travel times. Please keep to speed limits and follow the direction of traffic controllers and signs. For the latest traffic updates, you can call 132 701, visit livetraffic.com or download the Live Traffic NSW App.

Contact

If you have any questions, please call our delivery partner LT Joint Venture on 1800 735 563 or email info@ltjv.com.au. For more information on our projects, visit rms.nsw.gov.au. Thank you for your patience during this important work.
Safety improvements at Elizabeth Street and McEvoy Street, Waterloo

New traffic light mast arm.

New traffic light mast arm and providing a green right turn arrow into McEvoy Street.

Converting left lane to a left turn only lane, the right lane to a straight through lane and removing right turn into Elizabeth Street.
