Project update for intersection improvement on Kingsway, Miranda

The NSW Government is funding this proposal at the intersection with Port Hacking Road and Kareena Road, as part of its Pedestrian Facilities Program to improve safety.

Roads and Maritime Services sought feedback from the community and stakeholders in December 2015 on this proposal to improve pedestrian safety. We thank everyone who took the time to consider the proposal and provide comments.

We received comments from 24 people and organisations. There were 22 people who supported the proposal, one who did not and one who suggested further changes to improve pedestrian and motorist safety at this intersection. We have prepared a Community Consultation Report, which summarises the feedback and our responses. A copy of the Report is available by contacting our delivery partner.

After reviewing the feedback, we have decided to proceed with the project without change.

What happens next?

The work will be completed in two stages. The first stage will take six shifts to complete between Monday 16 May and Friday 10 June, excluding weekends, weather permitting. Our working hours will be from 7am to 5pm and from 9pm to 5am. We will notify you before we start work on the second stage.

We have included a map to help explain the project. The work will include:

- Building pedestrian crossings at the traffic lights on the western side of Port Hacking Road, the northern side of Kareena Road and the western side of Kingsway
- Marking a zebra crossing to connect the traffic island between Port Hacking Road and Kingsway with the new pedestrian crossing on Kingsway
- Building new kerb ramps
- Installing a new traffic light in the median of Port Hacking Road and the western side of Kingsway
- Replacing traffic light posts on the eastern median of Kingsway and on the south-east corner of Kareena Road and Kingsway
- Repositioning the traffic light onto a mast arm on the north-west corner of Kareena Road and Kingsway to the new stop-line
- Removing three bollards on Kingsway to allow room for a new pedestrian crossing and kerb ramp
- Installing new line marking.

How will the work affect you?

There will be some noise associated with this work. We will make every effort to minimise its impact, including carrying out the noisiest work during the day and before 11pm.
Traffic changes

There will be some temporary traffic changes to ensure the work zone is safe.

Lane closures will be in place and may affect travel times. Please keep to speed limits and follow the direction of traffic controllers and signs. For the latest traffic updates, you can call 132 701, visit livetraffic.com or download the Live Traffic NSW App.

Contact

If you have any questions, please call our delivery partner LT Joint Venture on 1800 735 563 or email info@ltjv.com.au. For more information on our projects, visit rms.nsw.gov.au

Thank you for your patience during this important work.
