Work on Lilyfield Road, Lilyfield from Monday 9 May

The NSW Government is funding this $150,000 project at the intersection of Mary Street as part of its Walking Communities Program, which aims to improve safety for road users and pedestrians.

Roads and Maritime Services sought feedback from the community and stakeholders on our proposed intersection improvement in December 2015. The proposal includes installing a pedestrian crossing at the traffic lights, installing new traffic lights, upgrading existing lights and removing trees.

We received feedback from 13 people and organisations with eight people supporting the proposal, four against it and one supporting the changes to the intersection, but not the removal of the trees. We have prepared a Community Consultation Report that summarises the feedback and our responses, which is available from our delivery partner.

After reviewing the feedback, we have decided to proceed with the project however will trim one of the trees on Lilyfield Road (instead of removing it). We thank everyone who took the time to consider our proposal and provided feedback.

What happens next?

This work will take six shifts to complete between Monday 9 May and Monday 6 June, excluding weekends and public holidays, weather permitting. Our working hours will be from 7am to 5pm and from 9pm to 5am. The work will include:

- Installing a pedestrian crossing on the western side of the intersection
- Upgrading the four kerb ramps on the north west and south west corners of the intersection
- Installing new traffic lights on the north west corner and south west corner
- Removing one tree and trimming another tree on Lilyfield Road on the eastbound approach to Mary Street
- Upgrading all line marking
- Repositioning the traffic light on a mast arm on the north west corner to the new stop-line.

We have included a map to help explain the project.

How will the work affect you?

There will be some noise associated with this work. We will make every effort to minimise its impact by completing the noisiest work during the day and before 11pm.
Traffic changes

There will be some temporary traffic changes to ensure the work zone is safe.

Lane closures will be in place and may affect travel times. Please keep to speed limits and follow the direction of traffic controllers and signs. For the latest traffic updates, you can call 132 701, visit livetraffic.com or download the Live Traffic NSW App.
